Look out for savings on winter electric bills

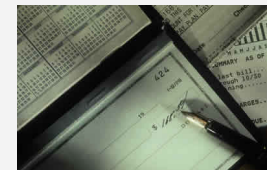

The season of giving is starting early this year. Roanoke Electric Co-op has announced a special savings many members will see on their winter electric bills, resulting from a wholesale power credit. [Read more.](#)

[Pay as You Go](#)

How to put financial power in your hands

By signing up for Roanoke Electric Co-op's Kilowatchers Prepaid Metering program, members can make paying a large monthly electric bill all at one once a thing of the past. [Read more.](#)

[REC Solutions](#)

Where did all that energy go?

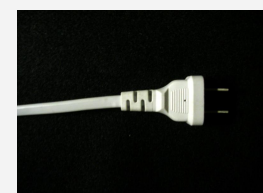

Did you know that nearly half of the energy used in your home goes to heating and cooling? Here are some tips to consider if you want to save both money and energy. [Read more.](#)

[Efficiency Tip of the Day](#)

What you should know before you plug in

They call it "vampire energy" consumption and it happens when electronic devices are plugged in and not even in use. By replacing conventional power strips, you may be able to stop those power-

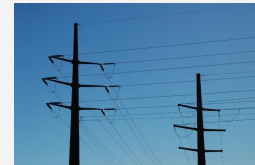

sucking gadgets from draining your wallet. [Read more.](#)

Safety First

Playing it safe around power lines

T'is the season for home improvement projects, as fall ushers in cooler temperatures. But before tackling that "to-do" list, you may want to brush up on these tips for playing it safe around power lines. [Read more.](#)
