1. <u>Background/Reason for Action:</u> Problem statement – What is the problem? Why? Changing face of healthcare	
<ul style="list-style-type: none"> Affordable Care Act – mandatory health insurance enrollment may place financial burden on families and increase the demand for healthcare services that we are not prepared to handle 	
2. <u>Current State of Focus Area :</u> What is happening now? What are Top Priorities? (1) High cost of medical care/bills Include Qualitative and Quantitative Data/statistics to “prove the case”	
<ul style="list-style-type: none"> Reimbursement changes to healthcare – result based value based purchasing. More with less Sequestration resulted in 2% cut to Medicare reimbursement for hospitals January 2014 – March 2013 People will be required to enroll in a federal exchange program for health insurance – families income may not allow some to participate High mortality rates in our area – heart disease and cancer 	
3. <u>Goal/ Target State/Ideal State</u> What is the Ideal State for education, healthcare, Economic development, capacity building	<ul style="list-style-type: none"> Lack of access to healthcare Federally Qualified Health Centers in Northampton, Hertford, Bertie and Gates Counties increasing access New Dental Center
<ul style="list-style-type: none"> All people regardless of income will have access to affordable , preventive, acute and emergency healthcare 	
4. <u>Gap Analysis: (Current vs. Target/Ideal)</u> Identify all possible causes, Root Cause Analysis :	
Lack of awareness of health care services/resources	<ul style="list-style-type: none"> Do not know what services are available Do not know how to access services Do not know how to pay for services May not have heard about the service, not an easy place to go look for services, no one place to “see it all”

<p>6. <u>Completion Plan/Action Plan</u> Action, Owner, Completion date Who will do what by when to achieve ideal Track Progress</p>	<p>✧</p>
<p>7. <u>Check results/confirm ideal state</u> Have we achieved and closed the gap? Actual results versus ideal – Box 7 versus Box 3</p>	<p>✧</p>
<p>8. <u>Follow up/Lessons learned</u> Lessons learned. Reflections. What new things have we learned?</p>	<p>✧</p>
